Dear Mr. Weisberg:

Enclosed are photocopies of two items. One, you no doubt already have - it is a write up from the New York Times.

The other is the portion of the article from the Sunday magazine I told you about which concerns you.

Did you ever get the Oswald tape and the verbatim statements that Oswald made and which I have on tape? I have not heard from you since I sent these (separately) but I suppose that's just because you are so busy.

How is WHITEWASH III coming? Can I be of any help?

I wonder if you have an old picture of yourself laying around that you might autograph and send up to me. If you can't spare one, it's okay, but I'd surely consider it an honor to have one.

Your friend,

Jack
